Work Experience

Cornelsen Verlag, Dec 2022 - Present

Designing digital learning experiences for students and teachers across mobile and tablet platforms.

- Own end-to-end product design from discovery to delivery
- Planned and conducted usability tests to validate product decisions
- Designed core learning experiences used across mobile and tablet platforms
- Collaborate closely with Product Managers, Developers and stakeholders in agile teams
- Contribute to design system and accessibility improvements
- Translate user needs into intuitive and scalable product solutions

Bridgemaker, Oct 2021 – Dec 2022

Designed digital products and brand experiences for startups and venture projects.

- Created digital products, landing pages and visual concepts from idea to launch
- Developed visual identities, illustrations and marketing assets
- Collaborated with multidisciplinary teams in fast-paced startup environments

TAU Corporate, Sept 2020 – Oct 2021

Worked on branding, editorial and communication design projects for corporate clients.

- Developed brand identities and visual communication concepts
- Created print and digital assets across multiple channels
- Produced illustrations and editorial design materials
